HANDCRAFTED

NOTES OF CARAMEL  
AND VANILLA

---

CLEAN, BRIGHT AND  
SOFT MOUTHFEEL

Lion's Share Spirits Handcrafted Organic Vodka is crafted to be enjoyed by both the most demanding spirit connoisseurs and those of you who just enjoy a simple cocktail.

Our Organic, gluten-free, low-calorie vodka is distilled from locally grown, organic non-GMO corn using our handmade custom copper pot still. We apply the same attention to detail and distillation methods used to craft fine single malt scotches and high-end French cognacs.

Our vodka is crafted in small batches and each batch distilled is filtered and taste-tested to ensure it goes down smooth with an impeccably clean finish. Let's raise a glass together as we celebrate family, friends and the American Spirit.
